This underground mix is banger, a hot release from the Dayton boyz with freestyle tracks, screwed up tracks, and exclusive tracks. Check this album out, don't sleep on it. 17 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: Rap Details: we're back fresh and in effect for 2005 it's the dayton boyz back on the scene, but this is not the dayton boyz vol.2 album but that's coming very soon. Since it has took over a year for the dayton boyz to drop another album, we decided to give the people something to listen to for now. We've came together with some other artists from the city, and decided to put a little something together for the fans. This album features a number of talented artists like: dayton boyz, cardi, woo, j.scott, d.j.swift, ken loc, raw, d.j.tim woodz, t-top, king tun, and thurlo. This album is hot, and believe it or not all of this material was just sitting around collecting dust. Some of the tracks are old, originals with remixes, and a couple of tracks from the new album, trust me you're getting your money's worth. This album is hosted by bond the livewire of dayton boyz, keeping you posted from track to track. With no skits, just a intro, outro, and the rest songs 17 tracks in all. Make sure you check this album out and be on the lookout for dayton boyz vol.2: still on the rise, nefew: serving e'm all, sly the rippers solo album, and bond the livewire's new solo album, all coming this year independently. I think 2005 is the year the dayton boyz take over, visit [daytonboyzmusic](#) for details, or questions about anything. Thank you for your support, have a blessed day.
