Their talents were so potent as individuals that they decided to team up and form the infamous Gunn Smoke Although the trifecta that is Gunn Smoke is made up of three different styles, each one is essential to success. Real, with his tongue twisting and snapping brings adrenaline pumping excitement to the track. Yogi on the other hand, brings his laid back style to the table with a touch of fire. Duce expresses his soul and harmony with a cold-hearted twist of reality that only the realest G's can feel. So B-Ready.
