From Howard Stern and his "Killers of Comedy Tour," it's national headliner Geno Bisconte's first FULL-LENGTH CD. 13 MP3 Songs SPOKEN WORD: Comedy, EASY LISTENING: Lounge Details: Biscontes slash and burn style of back stabbing insults [show he is] a true comic guildsman. His style is reminiscent of a bowling machine setting up his audience, one person at a time, for the inevitable knockdown. Biscontes soapbox delivery includes pornography as therapy, the robotic dog craze, beautiful breasts, lobster bibs and the beauty of laughing at the forbidden. Bisconte questioned the life and death ethics of tipping (yes to Starbucks employees but not to airline pilots) and why family dysfunction is just, sometimes, so darn funny. -Hat City Entertainment Described by fellow comics as a fast talking wise guy that you just have to love, this Philadelphia-born, veteran of the NYC circuit is leaving his mark everywhere. Genos resume includes numerous TV appearances from Delaware Lottery spokesman to ABCs 20/20 roles in numerous films, writer of a monthly humor column for Bud Light, and current host of his own live NYC talk show Its comedy, people! Geno is currently a regular personality on Internet and Free Radio and tours all over the country with the Howard Sterns Artie Lang as well as Jim Norton of Opie and Anthony. genobisconte.com
