Americana, Acoustic, folk 14 MP3 Songs FOLK: Modern Folk, FOLK: Gentle Details: Who is Jack Lewis? From the corporate offices of a successful marketing firm comes a most unexpected collection of introspective and compassionate folk music. After failing to graduate from high school and spending a few years in the Army, Jack Lewis, hot on the road to success, set out as a door to door salesman. He had recently married his Junior high, (yes, JUNIOR high sweetheart) and he was ready to start a family. After tossing all of his eggs into one basket he was soon filing for bankruptcy. A man later to become known for his enduring resilience, Jack was soon back at it, one failure wiser. Against unfavorable odds and a continuously dwindling credit report, he managed to navigate towards success. He eventually went on to become an entrepreneurial maniac, launching auto repair shops, clothing stores, restaurants, parcel shipping companies, advertising firms, printing companies, real estate ventures, and horse trading businesses. He quickly mastered the skills necessary to make it as a entrepreneur with his never-quit attitude and his ferocious hunger for knowledge. A man with the uncommon ability to motivate and inspire those around him, Jack Lewis has accomplished more than most could claim for two lifetimes. the one constant through all the ups and downs, other than his wife of over 20 years, was his guitar and his passion for music and songwriting. The product of this journey through high and low, from defeat to triumph, is the man who would become a now successful entrepreneur, CEO, Pig farmer, motivational coach, husband, father, and yes.. Passionate artist. Who IS Jack Lewis? Listen now to this inspiring album that focuses on the exploration of that very question.
