Show all album songs: A Fine Time Songs Details: Jonis music is a bright alternative for those who still like their music served with lyrical substance. Shes got a great set of pipes, but its her gift of songwriting that really comes through on her first release. Its a definite nod to the great soul music of the 70s and she soars as a vocal arranger with lush harmonies. Every song is its own entity but is distinctly Joni-infectious. soulful. bright.
