We have a cult like fanbase already - we've got way too much weed to smoke to stuff envelopes with our cds all day -- so we heard about this whole CDbaby thing, and thought, what the hell - let's see what that's all about. 19 MP3 Songs POP: Sunshine Pop, ROCK: Acid Rock Details: We're Marijuana Wolf. We sing songs about a variety of things: noodles, pumpkins, Sammy Hagar, weed, Insano, Howard, Teresa, weed, the 70s, pot, magic bear, making money, being rich and famous, smoking your weed, and smoking your weed. If you like to sing along to songs, and you also like the sounds of guitars mixed with weed - then you're going to have trouble disliking us. We're great, listen to the samples and buy our music. Buy it more than once because you love it so much.
