From chill to dance to goth, this is hook-laden electronic techno that speaks to the soul with a message of a better future. 15 MP3 Songs ELECTRONIC: Techno, ELECTRONIC: Down Tempo Details: Marshall is a multi talented creative force. Fine art having been his forte for most of his life, Marshall is now expressing his unique vision through music, not that the music field is new to him. Ten years of working in road bands prepared Marshall to focus on what he really wanted to hear. The result is 10 cd's, 5 of alternative and techno rock and 5 meditation pieces. When the art or music bug wasn't biting, Marshall proceeded to write his first novel, "The Talent", which is still looking for distribution. He's also written 2 children's books, but his mainstay has been his commercial art and mural studio, Marshall Art Studios, Inc., which has provided art for well over 1000 restaurants, casinos and hotels worldwide. Marshall has a personal reason for producing such a vast amount of work- "Music and art, as well as all creative fields, are direct links to the source of all creativity. Call it God, Universe, Source, One, Allah or Jeff, it is where the creative inspiration is derived from. As a conduit for this energy, it is my desire to lead people home- to remember where they came from, and to remind them that they are not separate from anything because EVERYTHING IS ONE..
