Pop, Rhythm and Blues with a jazzy edge 8 MP3 Songs URBAN/R&B: R&B Pop Crossover, URBAN/R&B: Rhythm Blues Details: Who is Melissa Kate? Melissa Kate is a native of the Buffalo, NY region. She is a singer, songwriter, theater artist, children's educator and more. What is this album? The album is a blend of Jazz, Pop and Rhythm Blues, an original, fun and funky creation with something on it for everybody. Wasn't Blind Faith another band? Yes, but not here. Good eye though, we can tell you like good music. This CD is called Blind Faith cause that's the title track. Is that something religious? Nope. The title track is about making it through those times when you can't see what lies ahead, and you have to go by faith. The spirituality of the artist does speak through the songs, but don't worry. She won't show up at your door. Prove to me the album is good. Fans say: "I love the song Blind Faith! It's the best one on the album.." --Romain, Law student "I haven't taken it out of my CD player rotation since I bought it." --Elaine Walker "I only listen to Stand up Step Out. My husband says it's time to put the song away, but I love jamming to it in my car." --Joyce Nixon "I went to bed singing Midnight Blue. It's stuck in my head, but in a good way. I love it." --Len Tobin, The Voice Squad Okay, cool. So tell me more about Melissa. She began singing professionally in NYC, in venues such as the World Trade Center Summer Series and Swing 46. She brought her jazz experience back to the intense Buffalo music scene to work with Taylor Made Jazz. There, she found a niche among the musicians of the Colored Musician's Club, and flavored her jazz vocals with a little R&B soul. She began traveling internationally for the DOD Armed Forces Entertainment, performing throughout the Middle East and Europe. She is a skilled vocalist, filled with warm energy and a sense of fun. Her music is at once funky and irresistibly catchy. She believes music should be sexy and fun, but strives to present lyrics that touch on the deeper aspects of life and living. "Music should affect people, and just like life, contain layers that reveal truth".
