BIOGRAPHY- STONECASTLE 2006 Toronto based Stonecastle came together 3 years ago to blend a variety of influences, reflecting a combined long-time interest in spirituality and religion. The result the debut CD "Miracle Minded". Lead singer songwriter Irvin feels that his songs could be, "messages to the world" and sometimes asks himself, 'where did this come from?'. I know this is a typical artist's experience, but it points to an intelligence and wisdom that I do not easily recognize in myself. I don't know if this is what happens after being a songwriter since twelve and always being interested in religion...but the universal career counselor may be still trying to get me a unique job...." The Songs God's Plan: "I was feeling confused and in awe at the thought of a master plan that somehow worked itself out in accordance with my free-will -- God watching our every move whose influence somehow led to our strengthening -- that somehow taught us and mysteriously did not impeded our own decision-making. I wanted to get it across that we are special creatures, with a unique and divine spark, with some simple things to accomplish - but we are never alone." Always Hearing Heaven: " No matter what we go through in our lives, we are hearing the music of the life. I believe its constantly being beamed towards us. Its there when we fight...its there when we make love. Its up to us to listen, even

during the most difficult of times. I believe the actions of our lives rise into the universe and universal events beyond our understanding are felt here on earth." Miracle Minded: " The simplest teachings are the hardest to practice. The song is a child-like reminder of what the formula is. The state of being Miracle Minded is to understand that every waking moment is a miracle, an inexplicable relationship with consciousness that we are born into forever. The more aware we are of this "miracle life" the more aligned our actions become with creation." Great Rays: "I have read about the great rays of the universe shining through the solar plexus connecting all people, and all of creation. Faith embodied simply shines and shines - to everyone's mutual benefit. The song was written for a friend who was enveloped in darkness and I wrote this song to focus "light" to express the situation and make sense of it. I think I tried to resolve my own conflict in all of this in the song." John Scharf - Drums/Keys Technical guru and drummer John Scharf rounds-out a sensitive but steady beat whose drums rolls and phrasing say a big "rock chemistry" that combines the guitar and bass in a way that says, "I play best, loud". John's solid rock sentiment makes a crisp Canadian musical statement for the band. If there ever was a time for accessible music with a message, it is now....
