HOMEGROWN, DISTURBED, FUNN .. as one critic put it 13 MP3 Songs ELECTRONIC: Ambient, WORLD: World Fusion Details: THANKGOD F4 FINGERS..... The story goes like this. The original idea was to sit around, talk about music. Find a happy place, turn on the equipment, pickup what ever musical instruments were laying about, find a groove, drop some sounds, knock it out and move on. Returning later to work on words and solos was permitted. The songs were then stored, locked in a vault, and ready for phase 2. We then listened, laughed, rercorded, and said "That's it". The members of the band, "THANKGOD F4 FINGERS" are, me, you, whoever, whatever, however, whomever, him, her, us, and them..... This cd was fun to make, buy it, and listen it to it when you need to laugh. Thankyou, T.G.F4.F.
