Bizarre phone sex with gullible men 15 MP3 Songs SPOKEN WORD: Comedy, SPOKEN WORD: Audiobook Details: [ALBUM REVIEW BY BIZARRE MAGAZINE, UK] CD Length - 76:13 A QUALITY piss-funny prank phone call is a wondrous thing. It takes balls of steel, a poker-voice and a great concept to hit paydirt. Ben Her is the best prank caller weve ever heard. His concept is quite wonderful a mind (and body)fuck for the deserving victim and a fit of freaky hysterics for the listener. Ben phones sex-chat-lines and pretends to be a woman (his female voice is realistic enough to pull this off), meaning that he isnt charged to use the service. Men, who are charged, then leave messages for him and he phones them up. He is giggly and playful, asking them to perform increasingly bizarre acts at their end and gets away with exploiting the most tawdry fantasies of these hapless wankers. At the end of the call, Ben reveals his true sex.
