A BLAST FROM THE PAST, an eclectic variety of rock blues and folk. also included are two instrumentals. 15 MP3 Songs EASY LISTENING: Mood Music, BLUES: English Style Details: All of this album was recorded off of a fostex 8 track digital recorder, one track at a time. I tried to include as many different styles of choice. My personal favorite track on the album is The Shine of the Moon, inspired by the great guitarist SRV. I dedicate track 10 to the late great Bob Ross, mentor to painters everwhere. All songs are original. If you're ever in the jersey shore area maybe you can hear me in the cover band I'm in, The DeAdvocates where I play lead and rythum guitar. I hope you enjoy these songs. If you would like to book The DeAdocates for a live show please contact stan, (732) 766-4486.
