Equal parts theatrical pop, summer of love psychedelia, and carnival nostalgia, all glued together with classic song craft, and funny-sad lyrics. Hunky Dory era Bowie versus Harry Nilsson, while Rufus Wainwright and Beulah look on 13 MP3 Songs POP: Beatles-pop, POP: 90's Pop Details: Hi, Here is our new c.d. Give it a listen. I know the market is glutted with "product" but ours is really special. At least we like to think so. Perhaps you will too. We don't have a recording contract. Nor do we have a manager or an agent. We just like to play music, mostly in the basement, but sometimes in a club or caf, and sometimes for a theater production. We have been doing this a long time. We are getting old now. Some of us have children. Our music is in a lot of different genres-this makes it fun to play and listen to, but difficult to market and sell. Perhaps you would like to buy it, or write a little something about it, or play it on your radio station. That would be great. Thanks for your time, David Russell and the Sideshow David Russell and the Sideshow release "Parallel Universe"; equal parts theatrical pop, summer of love psychedelia, and carnival nostalgia, all glued together with classic song craft, and funny-sad lyrics.
