

## Mp3 Istra - One Cold Way

[DOWNLOAD HERE](#)

Southern California Melodic Hardcore 12 MP3 Songs METAL: Alternative Metal, ROCK: Hard Rock

Details: In an attempt to redefine the modern music scene, where corporate gambits and the stratagems of major label marketing teams plot the course of art, Istra stands at the front lines of originality with their latest CD "One Cold Way." With "One Cold Way," Istra explores new musical ground, stunningly blending driving beats, rhythmic bass lines, and catchy guitar riffs, beautifully juxtaposed against unique whisper-to-sing-to-scream vocals that will put listeners on the edge of their seats. As flawlessly brilliant as Istra presents themselves on the tracks of "One Cold Way," so their live show reflects pure artistic emotion. As the band pounds out the pandemonium of "an onstage riot", front man Mike Sandoval draws the crowd in to sing with him the words of their favorite anthems. With an unparalleled live show one must see to believe, and lyrics that relate to the youth of America, Istra is a band not to be passed over.
