An unusual album. . Five laughing songs and five crying songs. Also different genre. You'll love the variety of sounds and styles. 10 MP3 Songs COUNTRY: Traditional Country, BLUES: Rhythm Blues
Details: Two different moods. Smiles .. Listen to how much truth there is in advertising. If you're in your sixties you'll certainly understand the problems this man is having. His eye sight is failing. He has this cough and sneezing turns his hearing aid off. It's certain that you have had unwanted company for weeks at a time and were to chicken to say NO.. This song tells it how it is. Penny Avery would like to miss her husband but he won't go away. She doesn't like to come home at all. It's just a combat base. A keg of powder wouldn't blow him out of her face.. The last smiling song is about a crazy kid who chewed gum constantly. Tears .. When you love some body all the way. You're so afraid of losing them and if you lived to be a hundred it wouldn't be enough time with them. You will also find Misery For Sale 24 hours a day. Aching pain and grief. You can get a lifetime of emptiness for one stolen night of bliss. (blues number)
You'll hear a true story about an old man in a nursing home who had nobody.. no relatives and no friends. Nobody came to visit. Nobody came to the funeral. Nobody cared. When you've got the blues everything goes wrong and you worry about it the whole day long. You feel disaster coming on strong.. (rhythm blues) When it's raining and the sun shines through that's THE TEARS OF ANGELS. They are happy because some lost sinner has been redeemed.
