

The Florida Manatee: Biology And Conservation - , Robert K Bonde

[DOWNLOAD HERE](#)

Much of what we know about manatee biology and behavior has been learned in the years after they were first declared an endangered species in 1967. Roger Reep and Robert Bonde have been at the forefront of manatee research for more than two decades. The Florida Manatee offers an engaging, accessible introduction to everything manatee, including communication, diet, long-distance migration, and much more. Publication of the hardcover edition birthed a slew of national newspaper stories on manatee intelligence appearing in publications ranging from the New York Times to the Pittsburgh Post-Gazette as well as dailies throughout Florida. The Florida Manatee is perfect for anyone seeking the most comprehensive, up-to-date information on this fascinating marine mammal. Author: Reep, Roger L Author: Bonde, Robert K Publisher: University Press of Florida Illustration: N Language: ENG Title: The Florida Manatee: Biology and Conservation Pages: 00224 (Encrypted EPUB) On Sale: 2010-11-01 SKU-13/ISBN: 9780813029498 Category: Nature : Animals - Mammals Category: Nature : Marine Life Category: Nature : Endangered Species
