Xerox WorkCentre 5335 Family Service Documentation&Parts List

Section 1: Service Call Procedures This section contains procedures that determine what actions are to be taken during a service call on the machine and in what sequence they are to be completed. This is the entry level for all service calls.

Section 2: Status Indicator RAPs This section contains the diagnostic aids for troubleshooting the Fault Code and non-Fault Code related faults (with the exception of image quality problems).

Section 3: Image Quality This section contains the diagnostic aids for troubleshooting any image quality problems, as well as image quality specifications and image defect samples.

Section 4: Repairs/Adjustments This section contains all the Adjustments and Repair procedures.

Repairs Repairs include procedures for removal and replacement of parts which have the following special conditions:

- When there is a personnel or machine safety issue.
- When removal or replacement cannot be determined from the exploded view of the Parts List.
- When there is a cleaning or a lubricating activity associated with the procedure.
- When the part requires an adjustment after Xerox WorkCentre 5335 Family Service Documentation&Parts List
