A popular California Hypnotherapist will teach you how to "be your own surgeon" using the power of the "mind-body connection." The author has assisted many of his hypnotherapy/NLP clients, who were previously considering plastic surgery, with powerful techniques for breast enlargement, breast reduction, waist reduction, thigh reduction, improving self esteem, eliminating limiting beliefs, and more. This book includes valuable information about "body contouring" for increasing size in some areas, while decreasing size in others.
