Entirely revised and augmented with 11 new chapters, this new edition will be invaluable to child psychologists and psychiatrists. Entirely revised, rewritten and augmented with 11 completely new chapters, this new edition builds strongly on the aims of the previous edition to provide the latest scientific validation of cognitive behaviour therapy with practical treatment guidance for clinical child psychologists and psychiatrists working with disturbed children. Coverage ranges broadly from school refusal and adjustment to parental divorce through eating and sleeping disorders to substance abuse. It will be invaluable to clinicians wanting to provide ever more effective psychological treatment for children and families. From a review of the first edition: '... clearly written by a number of international authorities in the field. ... This book will be useful to child psychiatrists and other child mental health professionals, as well as social workers, educationalists and school nurses. It is highly recommended for bench and departmental libraries.' European Child and Adolescent Psychiatry EAN/ISBN : 9780511134210
