Use this as your personal guide then you have the opportunity to sell and profit from it! Getting a start in affiliate marketing can sometimes feel like youve been tossed onto the worlds largest treadmill. The more you learn, the more work there is to do - and every new technique you learn usually results in more work, not less. Most affiliate marketing courses - even the fancy \$500 dollar ones - offer the same advice over and over again: Make a really fancy looking website Write a boatload of content every day for a couple of months Build boatloads of backlinks The toughest part of struggling as an affiliate isnt hearing your family tell you to get a real job. Its not even spending hours cramping your hands making tedious articles and seeing nothing in your Paypal or Amazon account. Its the hopelessness - knowing that even though youve heard enough about affiliate marketing to get a diploma in the stuff, its still not helping you make a dollar! Thats the real reason why so many people get desperate and fall for fly by night schemes and over
