As suicide continues to be one of the leading causes of death among children under the age of fourteen, and as recent bullying statistics report a strong connection between bullying, being bullied, and suicide, it is time for society to set aside its obsession with grade-level benchmarks, test scores, and Blue Ribbon Schools, and instead demand that our students achieve the academic successes they deserve by ensuring that they are educated in schools that are intellectually, socially, and emotionally safe. In Safe Hands: Bullying Prevention With Compassion for All is a hands-on blueprint to helping schools, parents, and the community at large address and solve the problem of bullying.
