

Mp3 Angie Raulerson - Average Girls

[DOWNLOAD HERE](#)

Great new mix and sound of country pop, upbeat and jazzy country blues. 13 MP3 Songs COUNTRY: Country Rock, COUNTRY: Country Pop Details: Hello, I'm Angie Raulerson, I'm a Nashville/International Recording Artist. My first album, "Woman On A Mission" got onto the top 200 ECMA charts. I'm very proud of this cd, it's a little laid back in its sound mix, but that's because it was dealing with a lot of life's issues, like cancer, ill children which could benefit children's hospitals, domestic violence no matter if the victim is a man or a woman, a father and child song, love songs. But, my newly released album, "Average Girls" is a great new mix and sound. There more upbeat songs, and of course some jazzy tunes, along with two songs that Country Legend Songwriter Hank Cochran has given me permission to record that no one has recorded before, I chose the duet versions which features Shawn Pody, a great Nashville Artist in his own right to record with. Their beautiful songs. Hank Cochran has written hits for over 47 years for all the big name Artist and I'm just thrilled and honored to be able to record his songs, I'm people will recall a lot of his famous songs, like the ones he wrote for Patsy Cline, "She's Got You", and "She's Got You" and many others, and a song co-wrote by another legend songwriter, Beverly Ross, who wrote for Roy Orbison, and Elvis and others. I'm very proud of this cd, can't wait to see what the charts do. I'm very proud of all the great musicians, and Mark Dreyer (Producer) and Jeff Hulse (who did the graphics for the both cd's). I hope you enjoy this album as much as I did recording it. Visit my website and drop me a line or my e-mail araulerson59@hotmail.com tell me your thoughts on my new album. I hope you like my one issue song on this new album, called "Spare A Little", I would like to donate the use of this special song to a international organization for homeless children. Thank You Angie Raulerson
