UMBANDA is a brasilian religion, a mixture of indian and african shamanism. A religion which worships the forefathers and which is deeply combined with the natural elements; the forest, the beach, waterfalls, rivers, oceans and the desert. In the umbanda religion AMACY is a liquid made with sacred herbs which is poured over the head of the initiated at the baptism. The rhythms of UMBANDA have many roots: Candomb de Angola, Catimb, Baio and Samba, whheras the melodies reflect a Portugese descent. The UMBANDA songs and religion are still very important in Brazil today, at all levels of society. Especially for the individual who is on its path to the source of life.
