Country Ballads, Easy Listening country 10 MP3 Songs COUNTRY: Modern Country, EASY LISTENING: Love Songs Details: My Name is Helen DeBacker(DeBaker). I have been writing songs since I was 13 years old. My dream has always been to be a very sucessful singer-Songwriter. Now, so many years later, I have finally completed an album of all my own material. I wanted the best professionals in country music to back-up "My Music". To me, that was Nashville, Tenn.. It took over 2 years, alot of hard work and coordination between two recording studio's, because I lived so far away. They were Panda Production's in Hendersonville, Tenn North Star Studio, Marquette, Mich.. I had recorded my last 3 songs on the album in Nashville 12 years ago, this was the sound I was looking for. When I wrote the 911 song, "In Their Memory" in 2002 and The song' "Away From Home Soldiers" I just knew I had to get serious and finish what I started long ago. In July 2004 I signed a contract with Wunder Publishing located in Stephenville, Texas. I am very proud of this CD and I hope alot of folks enjoy it.
