The Harvest is a gathering of good Hip-Hop Music. Good Production and good Vocal Collection overtones. Service to the listener 7 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: Born in Washington State and raised in North Carolina, I found my love for music at the early age of eight years old. Arriving North Carolina at the age of twelve, I was introduced to the sounds of Public Enemy and Boogie Down Productions. This was something I did not hear on the radio coming from the Pacific North West. I was immediately drawn to this new style of music. Just like that, things began to change for me. My walk, talk, and dress totally changed. Being exposed to Hip Hop of this genre ruined it for other rappers aiming for commercial stardom. Over time, this music became a way of life for me. If you did not know anything about Hip Hop, I felt as if it was my duty to show you what it was really about. The funny thing is, in 2007 I feel exactly the same way. I went from B-Boy to DJ to M.C., but the road didn't end there. I found that Hip Hop is bigger than the music. It is bigger than the material benefits you gain from it. It gives young people a way to express, but will it be used to its fullest potential? The Harvest is nothing more than a gathering of good beats and good rhymes for the listeners to feast on.
