Acknowledged as the finest interpreter of Nick Drake's work, this is some of the most atmospheric and emotive guitar based music you will ever hear. A loving re-appraisal of Drake's timeless music. 12 MP3 Songs FOLK: Modern Folk, FOLK: like Joni Details: Born in Salisbury, Wiltshire, Keith spent his early years in Surrey and Berkshire. Now residing in Canterbury, he is one of England's most well known analogue producers and engineers, dedicated to Singer/Songwriters, Folk, Roots and Jazz. Keith is very much dedicated to the purpose of the "Singer/Songwriter" and assists most of the artists in his studio in a much deeper and more "hands on" capacity than merely recording them. Working as a singer/songwriter throughout his career, Keith made four collectable vinyl albums in the early eighties (soon to be re-released into one collection), has toured all of the UK many times, and performed across Europe and the Americas. He is a prolific writer with a large catalogue of songs, most of which are currently kept in the vaults to be released on future albums. Much of the last 3 years has seen Keith performing concerts of The Songs of Nick Drake. At the end of the 6th tour - Autumn 2005 - Keith will have made over 200 performances of these amazing songs.
