isedes

An Italian project composing dark electronic music with a personal approach. This album avoids the usual powerful clichs, but explored other territories like old wave influences and a kind of cyber-punk style for the harder cuts. 10 MP3 Songs ELECTRONIC: Funk, ELECTRONIC: Industrial Details: Noxound is an Italian project composing dark electronic music with a personal approach. This album avoids the usual powerful clichs, but explored other territories like old wave influences and a kind of cyber-punk style for the harder cuts. A few guest vocalists have contributed to the songs while sampled movie vocals have been used else. The most famous one is for sure Uma Thurman in a Kill Bill-fragment. The best cut is simply entitled Juliette Lewis with sampled vocals of J. Lewis in person from Natural born killer". cool sound, noxound's sound.
