It's 70's meets the Blackeye Peas in many ways. It's a dance lovers CD. It has an old school feel with modern hip hop/house overtones. 18 MP3 Songs URBAN/R&B: Funk, SPOKEN WORD: With Music Details: A woman that truely loves and respects women, Ochi began her journey to create non-offensive, women centered music. She wants a better world not just for her children but all children. Music is such a major part of all our lives why should we allow ourselves to be tortured, ridiculed, degraded and humiliated to a snappy beat. Music is a powerful tool. It's time it's used for good once again.
