From traditional country blues through Western swing to Nashville Country 15 MP3 Songs COUNTRY: Western Swing, COUNTRY: Country Folk Show all album songs: Ojai Valley Boys Live At Zoey's Songs Details: The Ojai Valley Boys brought their lifetime musical backgrounds and love of guitars, horses and hats together in 2000 and have been delighting audiences ever since. When they aren't entertaining at private parties, fundraisers, civic functions or the atmospheric Zoey's (in Ventura), the Boys spend their free time riding and working cattle in Ojai's beautiful Upper Valley, where they all live a scant mile apart. Their special blend of blues and western music never fails to delight diverse audiences it is hard to find someone who doesn't instinctively sing along to the cowboy tunes they croon. When their voices harmonize and the guitar cries, it is easy to imagine the flicker of a campfire and the swishing tails of sleepy horses. The strong blues undercurrent imbues the music with a longing that enhances the well known lyrics. They bring their love of music and love of the land together with delightful style, entertaining their audiences with both music and wit. So what if they get to their gigs in a car instead of on a horse? After all, even modern cowboys have to sing. John Bennett Perry's singing career began with the Moonshiners and the Serendipity Singers in the 60s, but after he was spotted by a New York theatrical agent on the Ed Sullivan Show, his focus shifted to acting. He performed both on and off Broadway before heading west (a cowboy at heart, even then) to make his mark on TV and movies. Over the course of his career, he starred in the series 240-Robert, Paper Dolls and Everyday. Of his many movies, his favorite is Fools Rush In where he acted alongside his son Matthew. He is kidded most about his role as the Old Spice Man. DeWayne Boccali performed with the folk group The Countrymen in the 60s and 70s, and his love of musical theatre led to him tread the boards in many productions in the Ventura and Santa

Barbara area. He includes as highlights his roles in The Most Happy Fella (as Tony) and in The Unsinkable Molly Brown (as Johnny Brown). He has also performed as a soloist with the Ventura County Symphony. When he's not singing, he's delighting diners at Boccali's Pizza Pasta. DeWayne was the mastermind behind the formation of the Boys, and his original song You Can Count On Me is a mainstay for the group, but despite these qualifications and his strong baritone, his main role is often to be picked on by John Bob. Bob Jones is the lead guitar player and musical honcho of the group. He brings a strong blues influence to the group that pushes them beyond simple cowboy tunes. Bob is a well known blues guitarist along the coast, performing regularly at Boulevard Music, Zoeys and other venues in Southern California. He has produced two popular CDs and has been instrumental in producing the upcoming Ojai Valley Boys Live CD debut. The Boys perform several of Bobs original songs: Love at Last, All These Blues and The Way Things Used To Be, among others. Traditional blues renditions will never be lost as long as Bob plays them, but he does take heat from the other Boys for being as serious as his music.
