If you are familiar with this story, you should be aware that he has lived a life that many would call wasteful or displeasing, seeking after the things that only lead to destruction. He has used and been used by people from all walks of life, and throughout his journey he has encountered many snares and traps of Satan. He has been involved in speaking and teaching youth as well as adults that no matter how bad we have messed up, or how hopeless we may feel, there is a God that will welcome us home if we choose to accept His gift. The Prodigal One will for the rest of his life on this earth share with you, through the gift that was given to him, solutions to everyday situations. He understands that he is only a vessel and all acknowledgment and praise belongs to God. He is not the first and will not be the last to share with those who want to hear God's message through Hip-Hop, Rap or whatever the world chooses to call it. The Prodigal One understands that the demonic spiritual forces that has ben unleashed through music and other avenues in the entertainment field has deceived many by making them believe that they have to accept what this world has given them. He was once blinded and deceived by the same things and has come to realize that this fight is spiritual and not physical. No matter what situation you may find yourself in, no matter how hopeless you may feel, no matter how much fear reigns in your heart, the Prodigal One believes that if you cast all your cares unto God, He will direct your paths. His prayer is that this music ministry will make you aware that God is a God of another chance.
