

Mp3 Rory Faithfield - Nowhere, Somewhere, Anywhere

[DOWNLOAD HERE](#)

Contemporary acoustic rock attitude mixed with traditional Irish folk style melodies. 13 MP3 Songs FOLK: Power-folk, ROCK: Roots Rock Details: This is one of those albums that slaps you right in the face and says "Wow! Where on earth did this guy come from?" The words and music absolutely floored me.

"Dance Your Own Dance" should be every sentient beings theme song every day of their lives. It rings of a true-to-thy-self-let-freedom-ring awareness, and a strength that will inspire and move you with jolts of positive energy. This is great rock and roll music that has character, purity, and mindfulness that is rarely found in recordings today. The spirit of humanity is written all over this CD. Music like this gets the sparks flying and your blood circulating. Keith Hannaleck- MUSICDISHSongs that uplift the human spirit and encourage individualism as in "Dance your own dance and sing your own song". That's Rory Faithfield in a nutshell.....The home-grown strains of The Killjoys sparkling rootsy pop, and Luka Bloom's stadium folk for the bedroom are evident in Faithfield's passionate and earnest delivery....never has acoustic music been so resonant or so vital.....a superb debut album. John O'Regan ROCK'N'REEL Magazine ...an

immense talent and a collection of songs that simply blew me away. I've heard this style of music from independent artists all over the world. Most of it is bland and many times boring for lack of originality.

Rory Faithfield is an exception to that experience. Michael Allison - TheGlobalMuse.comaside from the inherent message, you will hear an artist capable of conveying immeasurable emotion and power.

Sounding a bit like Brian Ferry of Roxy Music, Rory Faithfield shows much more than mere promise. It would be impossible to listen and not believe that here is an artist ready to break loose. Rory Faithfield is an artist I will be following closely. Jack Baer - BIGBAER.com
