

## Mp3 The Professional Americans - Point. Line. Form.

[DOWNLOAD HERE](#)

This powerful new sound is creating a buzz throughout the midwest, so prepare your ears and dive in. 11 MP3 Songs ROCK: Modern Rock, ROCK: Emo Details: The Professional Americans began working on "Point. Line. Form." with producer Oran Thornton (Flick, Johnny Q. Public, Bleach, Holland) in June of 2003. During the time from June to May 2004, 11 tracks were finished and became the album "Point. Line. Form." Prior to the production of the album the band went through a rapid growing phase after losing lead guitarist Terry Parker. Left as a three-piece the band pushed forward to try and separate itself from its previous self-titled EP. With deeper convictions, more intricate song-writing, and a sound that was continually branching out, the Professional Americans stormed into the studio to create their first full length album. Soon you will find yourself lost in the points, lines, and forms.
