Won the Just Plain Folks 1st Place Award in the Holiday Album Category for 2001 -- A style very similar to George Winston that will help you drift away as you listen to melodic, contemporary versions of familiar Holiday and Christmas Tunes. 11 MP3 Songs WORLD: World Traditions, EASY LISTENING: Background Music Details: A soothing and melodically relaxing collection of solo grand piano Holiday and Christmas melodies. Prior to recording the music for the CD, Charlie requested that the studio technicians enhance the area around the grand piano with soft lighting. That explains why "Sounds for the Season" and "Calm Meadows" are popular with massage therapists and their clients. Great background music for holiday gatherings or reading books by the fire. 3,700 copies were sold in 1999. "Sounds for the Season" was given away by Chuck Swindoll's organization, Insight for Living, as a "thank you" gift to their financial donors. Insight for Living also used the music from that project for their Christmas Radio Broadcast. "Sounds for the Season" is played on over 140 radio stations during the Holiday Season. Thank you for supporting Charlie and his work.
