

## Mp3 Darrel M. Polk - Lord, I'm Ready!

[DOWNLOAD HERE](#)

Smooth Baritone Vocals, Soulful Gospel Ballads, Anointed Prophetic Psalms, Music Anointed for Spiritual Healing 9 MP3 Songs GOSPEL: Contemporary Gospel, EASY LISTENING: Soft Rock Details: Darrel M. Polk, Founder President of New Psalm Records Productions, and The Association for Christian Entertainment Ministries, Inc. is considered by many, to be quite a visionary. He has a serious head for business, an ear for music and an eye for talent. Darrel is a "Masters Prepared" Administrator, an experienced singer, songwriter, and producer, with a heart to help other rising artists break into the music industry successfully, while avoiding the contractual pitfalls for which the music industry is intrinsically notorious. Since 1990, Darrel has been singing professionally as an annually featured soloist with the Music South Corporation's African American Philharmonic Orchestra and Chorale. This and similar associations have placed him in front of massive audiences in venues like The Savannah Civic Center, in Savannah, GA, the Martin Luther King Jr. Chapel on the campus of Morehouse University, The A-Train and Main Outdoor Terrace at Underground Atlanta, and The Realto Theatre, in Atlanta, and more. As a gifted songwriter, and rising producer himself, Darrel's most sincere desire, in addition to putting together a totally awesome music department to support his record company and personal ministry efforts, is to provide opportunities for other singers and songwriters to become employed full-time, using their God given gifts and talents. He has been blessed to have aligned himself with some of the most anointed musicians in Metro Atlanta, and he is on a personal mission to find, record and present the works of some to the most gifted, yet undiscovered singers and songwriters in the nation. Over the years, he formed and directed several musical ensembles, including, but not limited to: the "Accapella Contemporary Ensemble (ACE)", "Sweet Communion (his background singers, for a season)" and the M.A.S.H. Ensemble (Musicians Anointed for Spiritual Healing). Darrel hopes that his New Psalm organization will be

instrumental in helping to bring about the permanent return of true singers to the microphone and a resurgence of the "live band", to both the stage and to the recording studio. He has identified a huge pool of talented songwriters, singers, musicians and producers, just waiting to have their musical talents presented to the world. To that end, he has written an extensive Business Plan and Funding Proposal to build and place in operation, the "NEW PSALM CENTER for the Recording Performing Arts". Information on this vision, along with the conceptual renderings inspired by God, can be viewed by logging on to the New Psalm website at [newpsalmcenter.com](http://newpsalmcenter.com). Darrel Polk's debut album, "Lord, I'm Ready", was released as a seed to begin generating the millions of dollars that it will take, to fund the enormous vision that God has entrusted to Him. The support of the masses who hopefully will buy this album, would be greatly appreciated!
