Old Time Gospel Blues/Spirituals in the Style of Blind Willie Johnson, Rev. Pearly Brown or Mississippi Fred McDowell 14 MP3 Songs

BLUES: Mellow Blues, BLUES: Delta Style

Details: This CD is Authentic, Retro, Old Time Street Corner Guitar Evangelist Music as if it was made in 1920's during the time of Blind Willie Johnson or Blind Lemon Jefferson. KM Williams recorded even in the SAME WAY as his Texas predecessors (One Mike straight into the Recording Console; Stella Guitar with no overdubs; even scratchy and airy sounding like the paramount recording of the 20's), but what the Reverend KM Williams has achieved is THE SAME, RAW, GUTBUCKET sound that you hear on these classic recordings along with the INTENSE SPIRITUAL feel of the old Masters. He plays SINGING Slide guitar along thumped bass lines and gutbucket rhythms simultaneously; very similar to Blind Willie's or Fred McDowell's style, but with a flair all of his own. RESURRECTION OF OLD TIME SPIRITUALS INDEED! KM Williams hopes to bring back to the limelight the great musical styles of Blind Willie Johnson, Mississippi Fred McDowell, Rev. Gary Davis and Rev. Pearly Brown; especially to draw attention to the music of Blind Willie Johnson. If you can feel it; buy it and also seek out these Original Masters of Gospel/Blues music!
