Industrial Hard-Rock 7 MP3 Songs ROCK: Hard Rock, ELECTRONIC: Industrial Details: What is Madlife? Madlife is as harsh as the world we live in. Madlife is what everything else isn't- cool. There is no whining in this band's audio assault. Inside Madlife you will find powerful vocals, aggressive guitars, and industrial sounding technology. Bands such as Ministry, White Zombie, NIN, KMFDM and more recently Rammstein and Static X have helped to influence the creations of Madlife. Madlife has released a 7 song EP which was recorded and produced by the highly respected Stoker (Sting, Ice Cube). Currently Madlife and Stoker are working hard in the studio to bring you a second CD, this CD will be even more powerful than the first. They have already released a single "Angry" which is being played on radio stations across the United States. If you thought the songs on the first CD were hard to get out of your head, wait until you hear what's next. Madlife is also working on putting together a U.S. and European tour for later this year. Until then, Madlife will continue to captivate people with their powerful live shows. Madlife has been able to play with such bands as Adema, Kottonmouth Kings, and Prong. Madlife is: vocals: Phill guitar: Isaiah bass: Dustin drums: Chris
