On The Inside is Tucson singer-songwriter Melanie Morrison's newly released CD of brand-spanking new songs. It's kind of indie-pop with a little touch of twang and a really nice groove. If you like Shawn Colvin and Lucinda Williams, give a listen. 13 MP3 Songs POP: Folky Pop, FOLK: Power-folk Details: On The Inside is Melanie's second album project. After a long musical hiatus, she's back with a beautifully crafted CD of original material that is soulful and really rocks. The staff at our local bookstore says it's reminiscent of Everybody, But The Girl. You decide and let us know! Melanie is joined on the CD by some of Arizona's finest musicians who participated in all the arrangements. All proceeds from CD sales will go to help homeless families become self-sufficient. New Beginnings for Women and Children in Tucson, AZ is the prime beneficiary of the project. Melanie has been involved with this organization since 1998.
