Cleverly-crafted, sometimes humorous, guitar driven power-pop. 19 MP3 Songs ROCK: Modern Rock, POP: Power Pop Details: Middlefield is a power-pop quartet hailing from Grand Rapids, MI. The band, featuring Tim Alexander (vocals and guitar), Chris Andrus (vocals and guitar), Jean-Rene Renusson (bass), and Brenden Stark (drums) toured and recorded for three years under their previous moniker, Slant. With a name change and a new album, the band is hard at work again, playing shows and getting their music to the masses. They have played countless shows and venues throughout the past few years, and have had the pleasure of sharing the stage with many noteworthy national acts, including Everclear, Jet, and Bowling for Soup. Middlefield released their full-length debut album, "Backyard Allstars," in November 2004 and is currently touring in support of it. Be sure to come out and see them play in a town near you. C'mon...they'd come see your show. They'll give you a dollar.* *empty promise.
