New age meets classical - beautiful, intimate, extemporaneous piano songs 12 MP3 Songs NEW AGE: Solo Instrumental, EASY LISTENING: Mood Music Details: "You really captured the happy medium between modern piano works and the traditional classical music genre. It has elements from both worlds. Very creative. It's mellow enough to act as calming background music at large parties yet stirring enough for restful, easy-listening, alone. It's nice romantic music you can share with a loved one. It's also good night-time music too, and helps one to unwind after a busy day." Meditative; Calm and Relaxation/Relaxing; Serene and easy; peaceful; restful; playful; prayerful; positive; happy; inviting; welcoming; emotional/emotive; romantic; thought-provoking; Reflective; Stirring; and Inspired. You know how the saying goes "If music be the food of love, play on!" (By the way, I love how you named the pieces. They really tell a story - as does the music - and leave a lot to the imagination!)

----- Milo is classically trained, yet also plays for dance and musical theater, as well as directing choirs.
