Getting your IM downloads organized is just one part of improving the efficiency of your Internet Marketing operation. To be successful in Internet Marketing you need to work smarter, not harder! That means being efficient, effective, organized and focused in all your activities. The big mistake so many Internet Marketers make is that they think Activity = Profit Well, sometimes it is and sometimes it isn't. More often than not: Activity = your life wasting away with no visible results The equation that you need to understand is: Focussed, Efficient, Effective, Informed Activity = Profit Think about it..... How many top earners do YOU know who are inefficient, ineffective, directionless, distracted or disorganized? None! They are all highly efficient and organized. And many of them pay \$400 per month to people such as Rich Schefren to get mentored on exactly that topic. If you can afford that fee (and if you can wait until there is a slot in Rich's program), then I would recommend you sign up with him. In the mean time, or as a lower cost alternative, you can register for my free IM Organized! Coaching Emails which cover all aspects of running a slick, profitable and focussed business. Tags: to, internet
