Jake Silver is an ex-FBI agent who just wants to settle into the quiet life of being a private investigator in Lake Tahoe, Nevada. Christina Anderson, the daughter of Jake's newest clients, Mr. and Mrs. Jonathan Anderson, is an average high school student who appears to have been abducted and raped. Wanting to cut through the red tape of an official investigation, the Andersons have come to Jake to find out who did this to their daughter. Reluctantly accepting the case, Jake unwittingly heads off on the biggest adventure of his life. Little does he know that he will be pulled into an intricate web of conspiracies and lies surrounding the Andersons that will lead him into a headlong confrontation with Area 51 and the dark secrets contained there. "Fallen Angels" is a fast paced thriller that delves deeply into the UFO and Area 51 Mythologies. Interesting Facts * The original manuscript for Fallen Angels was started while Terence was still a freshman in High School around 1992. It wasn't until 1999 that he dug it out of the closet, revamped it, and finished the novel. The only characters from that early draft to survive the purge were Private Investigator Jake Silver and abductee Christina Anderson. Everything else was scrapped, including the original setting of rural Montana. * A "Fallen Angel" is a commonly used term in the UFO

community for a crashed UFO. * The majority of the novel takes place in and around Las Vegas, Nevada. The top-secret base, Area 51, is located just outside of Las Vegas in a dried up lake bed known as "Groom Lake."
