FOLK: Folk Pop, COUNTRY: Country Pop Details: Dave Hahn, Singer/Songwriter/Guitarist of the Americana, Acoustic, Folk/Rock, Retro, Alternative Country, Kitchen-Sink Genre. "Folk/Americana Guitarist known throughout the ski resort towns of the intermountain western US. His sound is steeped in the Folk/Rock tradition of the Late 60's and early 70's with a bit of the modern Country production. Hahn is known as a very versatile vocalist and a master acoustic guitarist. A painter of lyric and melody with intelligent multi-faceted thought-provoking songs". Dave was born in Chicago in '59, raised in Phoenix, but now lives in Utah. Self taught to play guitar starting about 1968, drawing from the playing styles of artists such as; James Taylor, Cat Stevens, Paul Simon and Gordon Lightfoot etc. "He is a unique combination of songcrafter and chameleon. His original music is strong and inviting, but his ability to emulate other artists when covering popular songs is amazing." Some newspaper reviewers have a tendency to classify Dave as "Country/Western" (that is usually the ones who don't listen to Country) Although Dave covers a large repertoire of country songs, his CD's of original songs really fit more in the Americana, Easy Listening, Folk Pop genres. "If you admire an artist who has the power to intertwine words and music well enough that it inspires you into stopping and contemplating hidden emotions no matter how big, small or insignificant you may have thought them to be, let Dave Hahn take your hand. Together you can journey through the spectrums of the human mind, heart and soul." "He sings his original compositions with raw emotion and a strong well tuned voice. His acoustic guitar picking is rock solid whether doing raucous rock tunes or soft love songs. All of his songs are reflections of personal experiences, and his rugged country voice clearly tells his story." "Smooth, mellow, yet raucous in all the right places, you can't grow tired of Dave's music as his rich voice flows with it. There's nothing forced, just

a stream in which you drift along with each selection." "He is a master on the Acoustic guitar! His unique talent allows him to sound like the original artist. With his own songs he sings you will hear a special quality, insight and talent he has been blessed with." "The album is an eclectic mix of music. I don't think you could label it "country", but it is clearly evident that the songs and the singer have country in their souls...and you can, justifiably, label it 'great music'". "To me, all of Dave's songs are really conversations, not preachy monologues, self-indulgent soliloquies, or pretentious sonnets. His songs beckon you to listen to them, to relate to them, and ultimately, to respond to the deep stirrings of your own heart."
