Gives us a glimpse into what 4 guys all singing harmony over driving sheets of guitar pop can sound like. 9 MP3 Songs ROCK: Modern Rock, ROCK: Progressive Rock Details: On their self-produced debut, Seattle's Fey Ray wave a mixture of stunning harmonies, personal space and driving guitar over stories of love and confidence, both acquired and lost. I Wanna Be New Perfect explores a world where melody exists in these politics of day to day life. Unable to escape the art-rock, prog and post-punk inspirations of the past 3 decades, Fey Ray brings a known feeling. The rolling intro of "Reflections on Radicalism in America" and the slashing chords of "Brand New String" are the clues. Vocally, the internal conflict of the title track is a common struggle and universal theme, as is the ever-timely "Fighting My Own War". These personal choices in multi-part harmony are mimicked throughout the album in simple shifts of complex arrangement. I Wanna Be New Perfect is vast, beautiful and powerful. We find ourselves helplessly along for the ride.
