"Golden blades of grass shimmering on the open landscape. A two third Colombian, one third Indian band of ex-patriates look to lands of warm and fragrant scents through a colored glass of country side, folk and psychedelia." 12 MP3 Songs in this album (59:57)! Related styles: FOLK: Folk-Rock, LATIN: Tropicalia People who are interested in Neil Young George Harrison Caetano Veloso should consider this download. Details: After a 25 year hiatus, filigranas is back with their first 21st century album, a kaleidoscope of folk/maharishi/tropicalia melodies set "on the back seat of your car," properly looking back, stretching way back, the back rear, to be precise, and driving on reverse to somehow strange familiar melodies. Songs and harmonies by bands such as The Mastroiannis or Los Paranoias might lead you on the right direction. All very "cosmically conscious," hip and spacious. Very highly recommended.
