The message that needs to be heard. Period. Enhanced with a background of all hip-hop styles, Bass-heavy bangers like Dre to live musicians like the Roots. Just listen. 15 MP3 Songs HIP HOP/RAP: Spiritual Rap, HIP HOP/RAP: White-Boy Rap Details: Jimmy-D has been into music since a young age. Since he discovered a love of hip-hop a few years ago, he has kept a crystal-clear focus on getting his music heard and his lyrics reflect that. Over the summer of 2003, however, he discovered the most important thing. After seeing close friends go through issues like depression, attempted suicide, etc., he realized what people really need. Nothing and noone can deliver people from their problems except God when we come to Him through His only begotten son Jesus Christ. Like the title track says, "There's Only One Way." That's what our culture needs. Artists who glorify God with their music instead of trying to glorify themselves. Many have found the lyrics refreshing and powerful. His delivery and beats are both intense. The voice behind it is passionate but consistent, sober, and serious. It has been compared to 2Pac, the Roots, and Lloyd Banks. You won't be able to turn this cd off and when you get through it you'll have a clear head and positive outlook. The songs boldly proclaim the truths from God's word, not man's religion. Many of the truths he reveals are unfortunately not well known today, and he's making music in hopes that they will be known tomorrow. At times the songs express what's wrong, why it's gone wrong, AND HOW TO FIX THINGS. The lyrics are filled with deep thoughts that can rearrange a person's mindstate in light of the good news of what God's done for us. So that's why you should buy this CD. If you're still deciding, just listen to some of the clips here. It'd also be greatly appreciated if you took the time to write a review after listening to the music. Or click the "E-mail Jimmy-D" link and tell him what you thought. Peace and God bless.
