Related styles: FOLK: Modern Folk, COUNTRY: Alt-Country People who are interested in Dolly Parton Neko Case Feist should consider this download. Details: My name is Julie Jurgens. I write songs, plays, stories, and checks. I dream in color, but usually see things in shades of grey. I hope to one day compose a decent sestina. I adore ellipses, parentheses, and horses. Without coffee, I am a sad tomato. I like to tell stories about the lives of jazz musicians and self-destructive poets. I try to use proper grammar but I cannot explain rules of usage to another person; hence, despite my major in English, I probably could not make it as an English teacher. On rainy days I play sad songs and think of where I've been and where I have yet to go. I hope you like my music. If you do, let me know. :)
