Demos and novelty songs 16 MP3 Songs ROCK: Acoustic, FOLK: Power-folk Details: This is a collection of demos and popular novelty songs that we performed live a lot. It contains the oft-requested 'Martha Stewart is the Antichrist, as well as other songs that are mostly just for the heck of it. "I'm Good for your Career" was written for a comedy troupe called Synaptic Anarchy Playhouse. The idea was to write a really obnoxious but beautifully sounding sexual harrassment song. For the record, I don't agree with the guy's viewpoint in the song. This thing sold like crazy at gigs and on amazon before I yanked it to sell exclusively at CDBaby.
