KIDS/FAMILY: Children's Pop, KIDS/FAMILY: General Children's Music Details: Todd Eric Valcourt and James Maltman are the Lunchbox Heroes. Their journey began while working together as headliners for Royal Caribbean. Asked to create a kids show, they combined their musical talents and wrote a set of songs that soon captured the wonderment and fun of every child onboard. Soon parents and passengers started inquiring about where Todd and James music could be purchased and that was the beginning of this heroic team. As soon as they debarked to dry land, they started the musical adventure and recorded the Lunchbox Heroes debut album. With multi-talented Todd's mastering of instruments and vocals combined with James child-like grace and lyrical power, the two released the musical energy and passion of two little kids trapped in adult forms. The Lunchbox Heroes are proud to present their first album to the families of the world and hope everyone catches the excitement. With a new twist on family entertainment by ways of a show involving live circus acts performing along side of the Heroes, they give a performance you dont want to miss. Truth, imagination, and the power of song: that is what Todd Eric Valcourt and James Maltman are all about...they are the Lunchbox Heroes.
