With transparent lyrics and warm instrumentation, Pete attempts to write music that the average person can relate to. If you like organic, acoustic driven music, you will love the music of Pete Kruse 8 MP3 Songs FOLK: Modern Folk, NEW AGE: Ambient Details: Bio Hi, my name is Pete, and I just wanted to use this page to let you know a little about me and why I perform music. It all started when I was 13 years old and my older brother came home with a horrifyingly ugly hot pink electric guitar. The brand name was Lotus, and the guitar store sold it to my brother for like \$75 even though it was brand new, mainly because it just wouldn't sell otherwise. Anyways, he gave me that guitar because he didn't like it much either, and I've been playing ever since (on a nicer guitar now). My songs are often birthed out of different situations. Many times I am just trying to find an answer to a confusing life question, whether it be about God, girls, family or friends. Often times putting thoughts and feelings to music allows me to express what I am feeling in a very tangible and concrete way. In a sense, I'm able to step outside of myself and view my situation in a different light. I'm hoping you will be able to glean both truth and depth from my music and lyrics. Thank you so much for stopping by. - pete
