Beast is a CD of original classical guitar pieces written and performed by Ray Lorigo. These songs come from deep and haunted places. They are relaxing, soothing and at the same time dissonant and melodic.

The Child and Reminiscence are vocal pieces sung by women with heartfelt passion. Ray Lorigo toils and writes unique classical guitar songs in Buffalo, New York. He has done many things but likes the classical

guitar the best and a few very good friends. Liner Notes: Questing Beast (kwst ng bst): 1. A mythological creature from Arthurian legend with the head and neck of a serpent, the body of a leopard, the haunches
